FIGHTER VS. BOXER

And as Usual the Fighter (McGovern) Wins Over the Boxer (Erne). A Hurricane Fight of Three Rounds.

NEW YORK, July 16,—Once more a fighter pitted against a boxer hels clearly demonstrated the superiority of the fighter. To-night in the presence of 14,000 persons in Madison Square Garden, Terry McGovern, of Brooklyn, defeated Frank Erne, of Buffalo, light-weight champion of the world. It was hurricane fight from bell to bell, withof the contestants was lying on the floor of the ring. McGovern adopted floor of the ring. McGovern adopted the tactics he said he would. He rushed in on Erne at the very beginning and sent left and right in such quick succession that Erne, fast as he is, was nonplussed. Erne undoubtedly is the cleverer of the two, but his eleverness availed him nothing against the buildog rushes and fierce attacks of the lit-tie feather-weight champion. Erne, of course, trained far below his usual weight, as he had agreed to light Mcas he had agreed to fight Mc-Govern at 128 pounds, which is five below the light-weight limit. In doing this many persons believed that the strain would be too much for the Buffalo lad and that McGovern, who is rugged and tenacious, would surely beat him down. Many of the wise ones compared Erne's reduction of weight to of Joe Walcott when the latter trained flown some years ago to 1311/2 pounds in order to meet Kid Lavigne in the light-weight class. Walcott made a mistake on the occasion for To-night Erne said that he weighed

only 12612 pounds, but he declared that he was in excellent condition.

he was in excellent condition.

Round I. Terry rushed in and planted a left hook on Erne "bo" face. He tried again, but was short!" Both fiddled, and Terry jumped in and sent right and left to head. Erne jabbed his left and crossed his right on the head, and they mixed it up at close range, and exchanged lefts, and rights on head and body. Terry sent left to head and Erne crossed his right to McGovern's head, flooring him. McGovern's head, flooring him. occuovern's head, flooring him. Mc-Govern tok the count, resting on one knee, and was up, then swinging left and right to head. The fighting was now fast and furlous, Erne's nose bleeding. McGovern's head, flooring him.

bleeding. After a rattling mix up Terry hooked his left to the body with terrific force, shaking up Eine from his heels to his head. The bell found

his heels to his head. The bell found them in a hot raily.

Round 2. Terry rushed in, sending both hands to the head. Erne sent his left to the face. Both landed right on head, and went to a clinch, coming out on the breaksway. Tayry booked his right to the head, Erne countering with left. Terry rushed in again, and was cautioned for holding. Erne swung a hard right on Terry's head. Terry sent his right to the body, and Erne made a wild swing, which missed swing a hard right on Terry's head. Terry sent his right to the body, and Erne made a wild swing, which missed the mark. Both were fighting at a terrific pace, and the blows came as fast as hallstones in a storm. Terry was jabbing and hooking lefts and rights to Erne's body, while Erne was punching him in the face. Terry took his medicine with a grin, and still kept hammering on the body. At the bell Erne showed signs of weakness, while Terry was strong and rugged.

Round 2. Terry rushed, but missed a left hook. Then he sent, a left and right to the chest. Erne countering on the neck with his left. Terry put a straight left to the face and a hard right to the body. Then he sent another left to the face, and breaking from a clinch Terry sent his left to the face. Terry forced the lighting, battering his opopnent all over the ring, and with a terrific punch over the heart and a terrific punch over the heart and a terrific punch over the heart and a terrific page.

his opoppent all over the ring, and with a terrific punch over the heart and a a terrine punen over the heart and a left swing on the head, he sent Erne to the floor, where the light-weight champion stayed for nine seconds. When he got up Erne's face was cov-ered with blood, but Terry was remorseless. The Brooklyn terror pounced on his opponent, and rained lefts and Erne was unable to send hack a decent counter. Terry kept forcing, and landed another hard stab over the heart, and with right and left to head, downed the Buffalo boy once more. Again Erne took nine seconds of the count. Erne took nine seconds of the count. But he came up groggy, and practically unable to defend himself. Terry made another one of his rushes, but before he could put a finishing blow Erne's seconds threw up the sponge, and saved their man from being knocked out. Time of round, two minutes and eighten seconds. utes and eighteen seconds.

Van Wyck Objected.

NEW YORK, July 16.-Mayor Van Wyck sent a letter to-day to President York, of the police board, in which the writer protests against the match between Erne and McGovern, billed to come off at Madison Square Garden tonight, on the ground that the Garden is not the property of any chartered boxing club; has not been leased for one year for the exclusive purpose of holding boxing matches and the fight will therefore be contrary to the Horton law. The letter was sent to Chief Dev vith instructions to investigate and use his discretion.

In the 800 metres flat race, which was won by an Englishman, Tysoe, the Americans took second and third places. In the remaining race, the 4,000 metres steeplechase, they falled to get a blace, England taking all

The crowd present was the smallest which has yet attended the games, and was mostly composed of Americans, As many foreigners stayed out of to-day's events less interest than usual was manifested in the contests, which were

largely among the Americans. A. C. Kraenzlein, of the University of Pennsylvania, won the first heat in the 200 metre hurdle race very easily in 27 Special Dispatch to the intelligencer.

Tewksbury, of the University of Pennsylvania. In the second heat in 264-5 seconds, T. B. McClain, of the University of Pennsylvania, was third. The final heat was almost a walkover for Kraenzlein, who finished a yard ahead of his competitors. The fourth place was vigorously contested however Pritchard again beating Tewksbury who finished third. Time 25 2-5 seconds. Choisel, a Frenchman, also ran in this

The standing jumps were also an American event, the athletes from the United States quickly outjumping all the other competitors. I The same can be said of the hop, step

and jump, which followed. Prinstein, of the Syracuse University; Connelly, of Boston, and Richard Sheldon, of the New York Athletic Club, qualified for the finals and jump off. Prinstein won though Connelly pushed him hard.

The same entries competed in these two jumping contests, there being be-sides those already mentioned, P. Jarvis, of Princeton University; Horton, also of Princeton University; John Mc-Clain, of the University of Michigan Staff, a Swede; Steffin, a German, and Koppan, a Greek.

The 800 metres flat race, brought six men to the tape for the signal heat; Captain Creagan, of Princeton University; David C. Hall, of Brown University; John Bray, of Williams College; A. E. Lysoe, the English champion half mile runner; Speidel, a Hungarian, and De Loge, a Frenchman. There was great interest manifested in this event. as it was expected to be a hard contes between Cregan, De Loge and Tysos Such proved to be the case until, neathe stretch, De Loge collapsed, leaving Cregan and Tysoe to fight it out. Tysoe had the advantage of the lead as he made the running the entire race. Cregan ran gamely, but could not over come the Britisher, who finished a yard n advance. Hall was third, some distance back.

The standing high jump was a contest between three Americans, they being the only entries. Ray Ewry, of the New York Athletic Club, who holds the record, won quickly, I. K. Baxter, of the University of Pennsylvania, getting the place from Richard Sheldon, of the New York Athletic Club. It was then announced that Ewry

would attempt to surpass his own world's record of one metre, 63 centimetres. This he did on the second attempt, clearing one metre, 64 centimetres. The spectators who had gathered about the jumping spot cheered most heartly at this performance and when, after a minute's rest he cleared one metre 65 centimetres, there was much enthusiasm shown and the up plause was vigorous.

BELLAIRE HAPPENINGS.

Matters of Interest in the Metropolis of Belmont County.

There will be a convention probably in in September to nominate a member of the decennial state board of equalization for the counties of Belmont, Columbiana, Harrison and Jefferson. Ten years ago the Belmont-Harrison district nominated and elected John B. Shannatelt, of this city. This precludes much hope, if not all, of Belmont securing the member this year. It is understood Columbiana has a candidate. Whoever he may be or wherever he comes from, he ought, above all other things, to be a competent man of affairs.

There are to be seven districts in this state under the control of the state fire marshal and his deputies. The Fifth district is made up of Ashtabula, Belmont, Carroll, Columbiana, Guernsey, Harrison, Holmes, Jefferson, Mahoning, Richland, Stark, Summit, Tuscarawas and Wayne counties. It was ordinally thought there would be but a chief and two assistants. Now it is apparent there will be seven deputies.

Anthony Lyden, the very old man stricken with paralysis recently, as noted in this paper, died from the effects and will be burled the meritage. He had been shout sixty years, and is said to have been ninety-eight years old.
